

THE HULK

bringing automotive security to the mobile world

Did you know?

Each year, \$1.255 billion in personal items and accessories are stolen from vehicles in about 1.85 million thefts

So, we thought of syncing two things:

THE APP

Available for:

Key Features

- Sync car security to your phone
- Always know your car's location
- Control lights and lock doors remotely
- Live view of your car

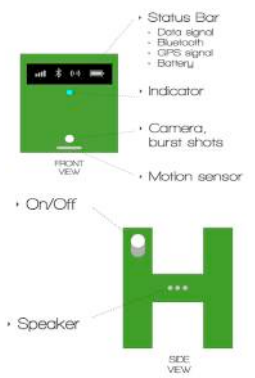

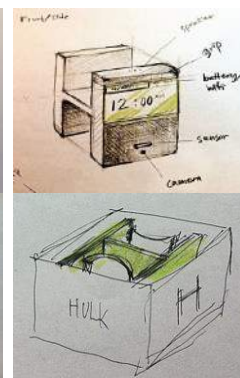

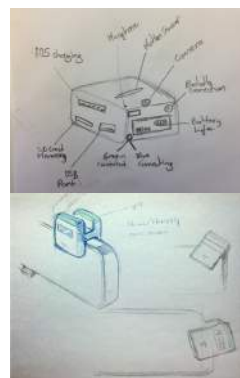

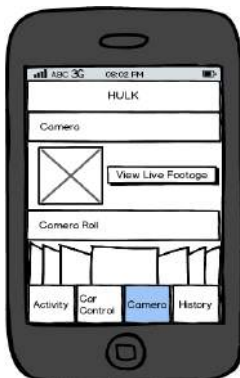

THE DEVICE

Benefits

- Take action when anything happens to your car
- Always see activity inside your car
- Get alerted with a snapshot of the perpetrator
- Receive a notification if your lights are left on
